

ILLUMINATING RECOVERY GALA

In March 2020, our world changed forever but what did not change is the need for the life-saving treatment that Gateway Foundation provides to thousands of people across the United States every day. Until the COVID-19 pandemic, the disease of addiction and overdose was the most pressing public health issue of our time. We must continue to garner support so that Gateway Foundation can continue saving lives when this pandemic is over and for years to come. In the spring of 2021, Gateway will hold its first- ever national virtual Gala, Illuminating Recovery, to honor and recognize our healthcare heroes working in over 70 locations throughout nine states. This virtual event will reach more people than we ever have in the past, and it promises to be a great opportunity to highlight and recognize our sponsors and supporters.

Based in Chicago, Gateway Foundation is the largest nonprofit provider of substance use disorder treatment in the country. We can only support those on their journey to recovery with sponsors like you. There are several ways that corporations, organizations, and individuals can support and fund critical elements of Gateway Foundation's lifesaving programs and this year will be able to select which programs the resources go to, so whether you are our partner for the Community or Corrections Divisions, this national event will give everyone a voice and opportunity for engagement.
