

ILLUMINATING RECOVERY 2023 SPONSORSHIP

Gateway Foundation, a national non-profit, has been treating substance use disorders and co-occurring mental health challenges through effective and efficient programs for over 50 years.

The **2023 Illuminating Recovery Benefit Luncheon** on Wednesday, March 1 at The Exchange Chicago welcomes 250 community leaders, healthcare advocates, supporters, and alumni of Gateway Foundation. The benefit generates support for effective and compassionate treatment of the 40,000+ individuals Gateway serves annually across 8 states, including 16 community locations in Illinois.

This year's event shines a light on the critical role of holistic care, including mental healthcare for co-occurring diagnoses and accessibility for those with physical disabilities. A panel moderated by WTTW journalist Brandis Friedman includes honoree Chief David T. Jones and other sector thought leaders.
